

Shawn Lin

Technical Program Manager

San Francisco, CA | smlin.shawn@gmail.com | [linkedin.com/in/shawnlin](https://www.linkedin.com/in/shawnlin)

PROFILE

Technical Program Manager with a software engineering foundation and experience connecting engineering, security, infrastructure, data, and business teams. I turn ambiguous technical work into clear plans, shared ownership, and dependable delivery.

EXPERIENCE

Sigma Computing
Technical Program Manager

San Francisco, CA
September 2025 to Present

- Lead cross functional roadmaps and program delivery across engineering, security, and infrastructure teams.
- Improved incident response by redesigning triage, escalation, and post incident learning workflows with engineering partners.
- Built AI assisted automations that reduce repetitive coordination and help teams close work more efficiently.
- Guide planning for tooling, cloud infrastructure, and enterprise delivery with a focus on risk, cost, and engineering velocity.

Amazon
Technical Program Manager Intern

Hybrid
June 2024 to September 2024

- Simplified complex budget and project data into an intuitive visual summary for resource allocation and leadership decisions.
- Designed a repeatable workflow that transformed fragmented source files into a consistent view with minimal manual effort.
- Made quarterly planning easier by bringing spending progress, actual costs, and project status into one place.

Hour Loop
Full Stack Software Engineer

Taipei, Taiwan
May 2022 to January 2024

- Built and scaled event driven order processing across AWS and GCP while improving reliability and observability.
- Developed data pipelines that turned advertising and clickstream data into actionable insights.
- Improved continuous delivery, test coverage, and engineering workflows across teams.
- Recognized as company wide Top Performer of the Year for cross team impact and technical leadership.

EARLIER EXPERIENCE

Industrial Technology Research Institute
Software Engineer Intern

July 2019 to August 2019

Hokicat Digital Marketing
Content Strategist

July 2018 to May 2019

EDUCATION

University of Illinois Urbana-Champaign
Master of Computer Science

2025

National Tsing Hua University
B.B.A. in Management and Technology
Double major in Computer Science and Quantitative Finance

2021
